How to add VSO to Metamask

1

First, make sure your Metamask is connected with Avalanche Network. If you don't see Avalanche on the list of options, click [here](#).

2

Once you've connected to Avalanche, choose your account and click "Add Token". Enter the VSO contract address found [here](#).

VSO Staking Opportunities

If you're holding VSO, you can earn reward either by providing liquidity for VSO tradings pairs or by staking VSO in a direct farm.

Staking Pool	Earn	APY *	Remarks
Liquidity for DWETH-VSO	VSO	65%	DWETH is a wrapped ETH version on Avalanche, provided by DCTDAO (Ethereum – Avalanche Cross-Chain bridge)
Liquidity for AVAX-VSO	PNG	12%	
Liquidity for PNG-VSO	PNG	63%	
Liquidity for WAVAX-VSO	PNG+JOE	402%	Double-Reward farm
Stake VSO	VSO	99%	
Stake + Lock VSO	VSO	>200%	<i>Launching soon</i>

* APY % can vary depending on the pool setup, remaining duration, etc.
